DEDICATION

The Yearbook Staff is proud to dedicate the 82nd edition of the Norwood High School TIOT Yearbook to Ms. Cindy Derrane.

In her 28 years of dedicated service to Norwood High School, Ms. Derrane has put students first every day, in every way. Her passion and innovation have helped to enrich the Norwood High School experience in so many ways: she led curriculum innovation in our world languages department that has helped all students learn in new and engaging ways, she has brought numerous travel opportunities to our students and helped to start exchange programs, she co-founded the Global Citizenship Program that has helped countless students gain practical and innovative learning experiences, and she has led social-emotional learning initiatives to support student welfare and growth.

However, for the students at Norwood High School, Ms. Derrane's most important contributions to our school can't be summed up in her very impressive resume. The warmth and love she has for every student and the passion she has for our school and her job as Vice Principal make all Mustangs feel supported and cared for. She is a "mom" to the students and staff of Norwood High School, and we don't know what we would do without her.

Thank you, Ms. Derrane, for all you do and will continue to do for everyone at Norwood High School!

THANK YOU, AND CONGRATULATIONS!

Mrs. Miller will be "graduating" with the class of 2020, and the yearbook staff would like to thank her for her years of service on behalf of the entire Norwood High School community. Enjoy your retirement!

A Message From Dr. Galligan...

To the students of NHS and the Class of 2020,

This year at Norwood High School, we launched something called the "Portrait of the Norwood Graduate." This is a document that outlines the key characteristics that a student in the Norwood Public Schools will develop over time. It spells out the skills that we as educators want to help you craft during your educational journey. While to you it may be a document that you have started to see and hear about, you should know that you are the primary creators of this, and that your contributions significantly impact those that come after you at NHS.

You see, the "Portrait" outlines the 5 C's that all Norwood graduates embody – critical thinkers, creators, communicators, collaborators, and citizens. And we looked to you, and at you, when determining what those characteristics would be. Because you are such leaders in all aspects of NHS, you set the bar for what those students who come after you will need to show.
I know this because I have seen you live the 5C's during your time here. You are critical thinkers who solve real problems in your school and community. You are creators who have actually invented and reimagined. You are communicators who navigate the complex world of adolescence on a daily basis by reading, writing, and speaking for a purpose. You are collaborators because you do these things together, breaking barriers that exist in society during the process. And I would argue most importantly, you are citizens who contribute to and engage with your surroundings in order to positively impact those around you.
Once again, we as educators turned to you for the answer. When faced with the question, "what do we want our future graduates to be like?" the answer was, "Exactly. Like. You." Thank you, class of 2020, for your leadership, inspiration, and positive influence on the future of NHS.

With Admiration and Respect,

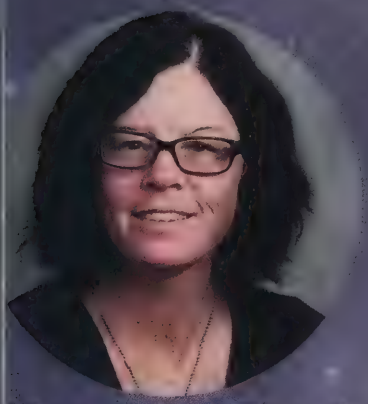
A Message From Mrs. Quinn



To The Class of 2020:

You did it! The day that we have been talking about for four years is FINALLY here! I want to thank you all for allowing me to be part of this important journey in your lives. It has been an honor to be by your side and watch all of you mature and grow into honorable young men and women. The Class of 2020 will always hold a special place in my heart because you were my first graduating class as a Dean. I've learned a lot along the way, a lot about myself, and a lot about this thing called 'life". You all have taught me some valuable lessons that will stay with me through my own personal voyage through life.. This diploma will take you far, but your hearts and open minds will take you even farther. I wish you all the best in the next phase of your journeys and I hope you find peace and happiness within each day. Most of all, I hope you always feel safe and proud to be "you".

Finally, may you think of our class meetings every time you hear Abba.

You are Loved.
You are Loved.
You are Loved.

Proudly,
Mrs. Quinn

A WORLD OF DIFFERENCE

A World of Difference (AWOD) is a new peer leadership program at Norwood High School, implemented in partnership with the Anti-Defamation League (ADL). Schools that participate in ADL's AWOD program recognize "that attitudes and beliefs affect actions, and that each of us can have an impact on others, and ultimately, on the world in which we live." The program helps participants "recognize bias and the harm it inflicts on individuals and society, build understanding of the value and benefits of diversity, improve intergroup relations, and confront racism, anti-Semitism and all other forms of bigotry." Bringing this program to our school will help NHS continue to grow into the best, most inclusive school we can be.

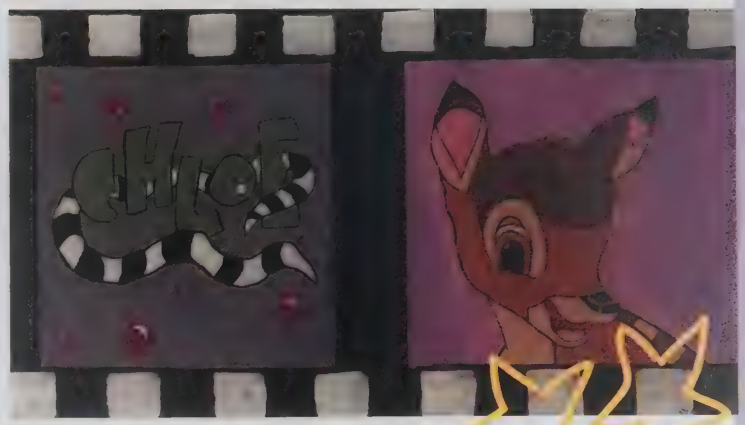
Seniors who participated in the mural:

Chloe Ronco, Mary Marinucci, Tara Bilotta, and Jeylyn Simonó



Students completed a mural over a 7 month period in Norwood Hospital maternity waiting room.
The hospital came to the school with the hope that someone will be willing to help lead a mural. Senior Chloe Ronco, and Sophomore Sanaai Watson, volunteered and helped come up with general sketches. Jeylyn Simonó joined after the first couple of weeks and quickly became co leader of the mural. Jeylyn sketched and painted the willow tree and helped with some film strip squares.
Once finished, every member picked a square on the painted filmstrip and painted their name in their own creative style.
This mural is honor of the 100th anniversary of the hospital and the artists are very proud of what they were able to accomplish.

The Memory Project

As their first completed community service project of the year the Artstangs/Art Honor worked with the Memory Project to have 34 NHS students draw portraits of kids in a Malaysian Refugee Camp. The Memory Project is dedicated to promoting intercultural awareness, friendship, and kindness between children around the world through the universal language of art.

Seniors I love you and will miss you. I wish nothing but the best for you. Fill your lives with people who support you, challenge you, accept you, love you, and keep you laughing. I believe in you and I know you will live a great journey.

-Ms. Mullaney

This is the beginning of anything you want! It's not the cards you get, it's how you play them.
Best wishes to all of you. "Because I knew you, I have been changed for good."

-Ms. Hartnett

Class of 2020: You are an amazing class of musicians and I was very lucky to have an opportunity to work with you and guide you through some really fun and challenging music over the last four years. Sometimes we were highly successful and sometimes we came up a bit short. But hey, that is life, the ball game etcetera. You grew after each an every performance we had together. You hold the one thing that no other graduating class of NHS can talk about. You know, that mandatory stay at home pandemic that I will not mention.... a la Voldemort.
Do you remember the day we all switched instruments in Wind Ensemble, for a concert? Or how the Orchestra class never turned on the lights? Or technology fails in the History of Rock and Roll and Music Technology?
As you head out on your journey into the great big world in the coming months, keep a few things in mind. You are always welcome to a concert and where appropriate, welcome to perform with the Wind Ensemble and/or Orchestra. You deserve more opportunities than any other class to perform with your peers post graduation and I will do anything I can to make that happen for you. Please know that I am here for you long after you graduate. Drop a line, stay in touch and follow the program that has been good to you from learning your instrument up until now. I wish you the best in all of your future endeavors.

-Mr. Conant

FROM, THE ART DEPARTMENT

To the class of 2020,
I wish you all of you a wonderful and joyous life. Remember the small moments of life can be the most joyous and there is humor in every situation if you look for it very carefully.

To my seniors,
You are all so amazing. Each of you has a special place in heart. 2018 and 2019 were personally really tough years for me, but coming to teach you all during that time brought me joy and laughter when I needed it the most. I feel we have been on a rocky journey together, but we have found joy and triumph in all circumstances. The suprise birthday party is a moment I will never forget. It meant so much to me! You are amazing! Please let me know how you are doing as you move forward in your life.
For now and always,
Be good!
Be safe!
Be well!
And don't forget to make good choice!
Love,
Ms. Mead

To all of my seniors, it has been an amazing ride! I will miss you all very much. I know there are great things in store for you all. Stay true to yourselves and keep persevering.

-Ms. Lowe

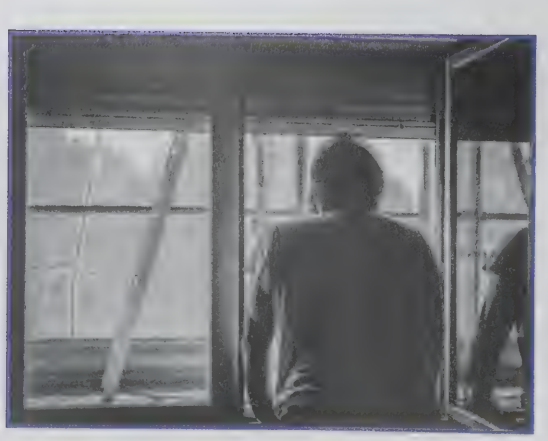
TOWN GOVERNMENT DAY

THE COVID-19

Coronaviruses are a type of virus. There are many different kinds, and some cause disease. A newly identified type has caused a recent outbreak of respiratory illness now called COVID-19. COVID-19 appeared in Wuhan, a city in China, in December 2019. Although health officials are still tracing the exact source of this new coronavirus, early hypotheses thought it may be linked to a seafood market in Wuhan, China. COVID-19 can be passed from person to person through droplets from coughs and sneezes and it is diagnosed with a laboratory test. The virus has an incubation period of 14 days and its unclear if it's contagious during that time. COVID-19 symptoms include cough, fever and shortness of breath. The virus can be severe, and some cases have caused death. As of now, there is not a specific treatment or vaccine for the virus. People who become sick from COVID-19 are treated with supportive measures: those that relieve symptoms



As the Coronavirus spread and the numbers of those infected Massachusetts increased, the Norwood Public Schools began cancel after school events that were attended by people outsi the school community, then all school trips were canceled (li the STN Convention trip and the art field trip to Salem). All tho cancellations were made to prevent Norwood High Scho students from coming in contact with the COVID-19. Then March 12, 2020, the Norwood Public Schools decided wh waiting for further guidance from the State health and educati to close all Norwood public's schools from March 13-20 out of "abundance of caution, particularly out of sensitivity to famili and staff who have underlying conditions that make them mo vulnerable to complications should they become infected"(D Thomson). Even during the school closure, the district's fo pick-up service for students and families remained open a Norwood Public Schools' teachers developed plans to continue educate and enrich the minds of students through email, Goog Classroom, and even video chats. The school closures we extended to May 4th on March 25, 2020, under statewi regulations.

SOCIAL DISTANCING

It's been pretty evident, the Coronavirus or COVID-19 has pretty much taken over the rest of our 2020 school year, so we've decided to make the best of it! We asked you how all of you NHS students have been feeling staying home instead of going to school, and here are some of your responses!

How has social distancing impacted your life?

"Everything is cancelled"

"I'm trapped in my house"

"VERY BORING"

"It has made me realize how often humans have social interactions. I believe that technology today has impacted the social distancing immensely, such as communication and being able to look at other people going through similar things."

"I've been more relaxed"

"I miss my friends."

"I miss hugs A LOT and just being with people in general."

"I'm going crazy"

"I've spent all my money on DoorDash."

What things can you no longer do because of it?

"I can't see my grandparents"

"My random but fun Target runs"

"Literally everything"

"Buy toilet paper

"I can't hang out with my friends, eat at restaurants, or go to school"

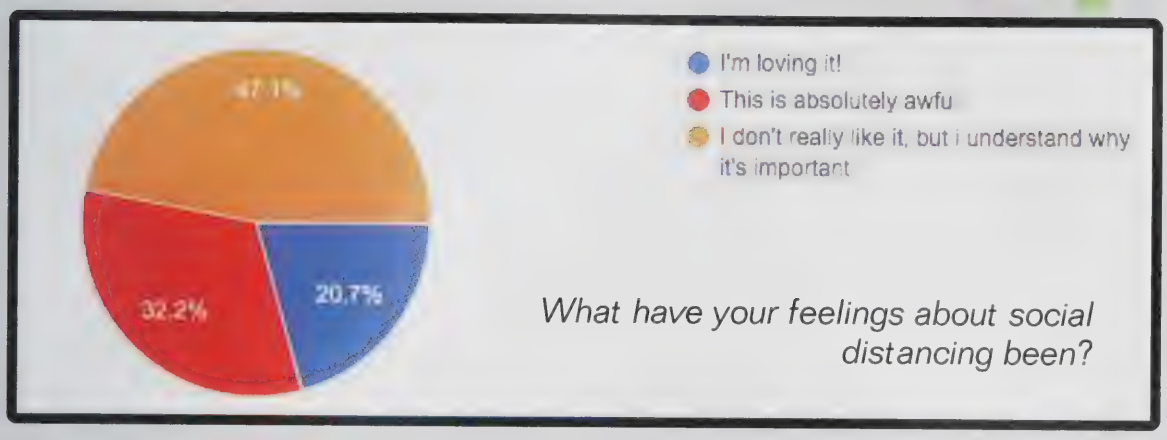
"Idk go eat Subway"

"Hang out with my friends, see Senora Kelley, do homework on paper"

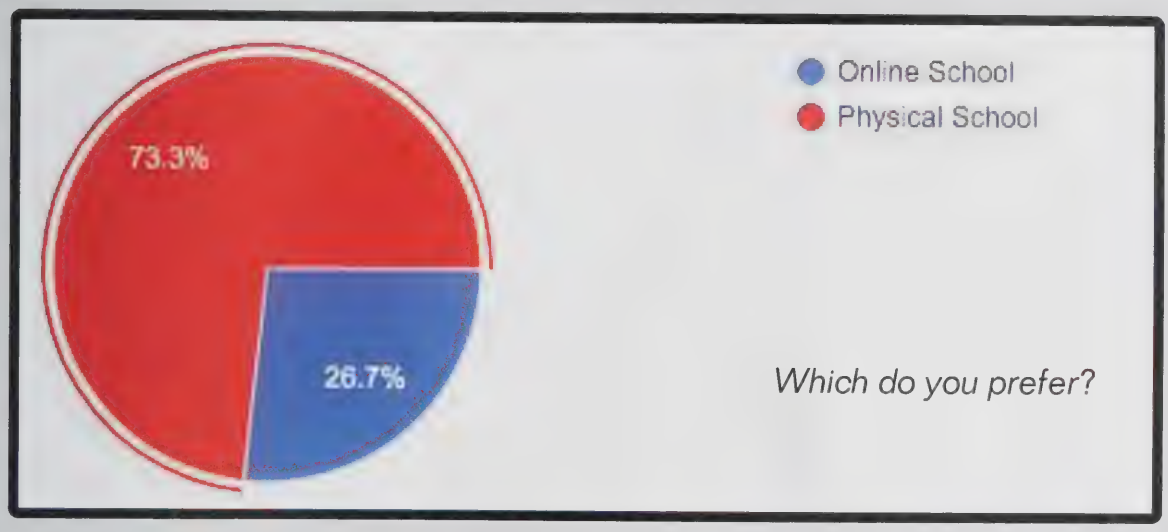
"I can no longer go to large parties or celebrate my friends' birthdays or even St. Patrick's Day."

"I can no longer see my friends or go to work. Also STN was canceled."

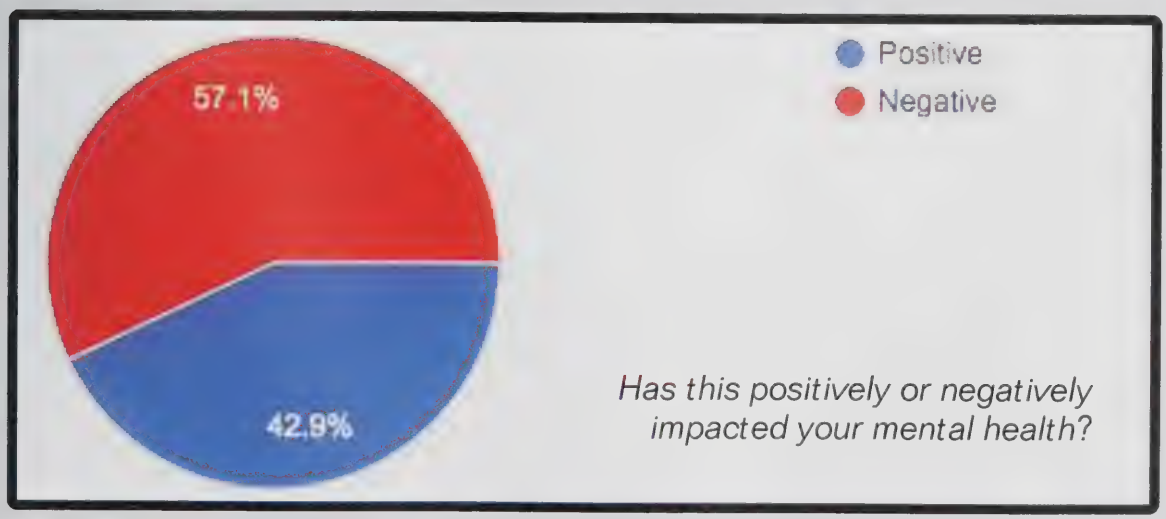
#STAYHOME



What have your feelings about social distancing been?



Which do you prefer?



Has this positively or negatively impacted your mental health?

The Spring of 2020 has been very unusual, and you won't find some of the traditional springtime school events on the pages of this book. However, it has shown us all that, whether it's at school or from home, we are all Mustangs, and the message we started school with this year is just as true now, if not more so.

So remember, no matter what life throws at you,
YOU MATTER.

#4As5Cs1Team

YOU MATTER

The following message was adapted from a video presentation created for the Norwood High class of 2020 in late March, 2020.

This feels surreal and rather like a sci-fi movie or plot from a book than our current reality. If you told us on March 12 that we'd be at home, social distancing, and learning and communicating online, we would have savored our day together more, told you HOW much we love you, HOW amazing we think you are, and hugged you just a little longer. ht Telling you that this makes a great story for your grandkids may not help, and your feelings right now are very valid. Don't let anyone tell you they aren't. We are going to tell you something about yourselves though, that you may not know....you can do this! You have all demonstrated that you have grit, perseverance, and yes! resilience. We will all come out on the other side of this, together. That's the purpose of this letter...we are all in this together. We want to take this time to let you know that we love you and we appreciate that this is all crazy new! BUT WE GOT YOU!

Love, All of us at Norwood Public Schools

hat are some differences etween your home country and e US?

The biggest differences were the schools (the time we spent in them), driving laws (no one cares about stop lights there), and at 18 you are considered a full adult, & are allowed to drink or get married.

low has living in the US haped you?

Growing up in a low-income family, I had to start working at 13. My motivation to keep doing what I'm doing is knowing that someday it will pay off. I'll be able to show that it doesn't matter where you come from or the color of your skin, it really matters how big and kind your heart is.

BERNICE PIERRE

What Country are you from?

Haiti

How old were you when you came to the US?

8 years old

What are some differences between your home country and the US?

What I noticed when I came here was definitely the food. In Haiti, we used to eat big meals in the morning, but they are more light here.

How has living in the US shaped you?

SONIKA DHAKAL

What Country are you from?

Nepal

How old were you when you came to the US?

What are some differences between your home country and the US?

The difference I noticed was electricity. In the US, I only experienced electricity being cut off was during thunderstorms. In Nepal, we expected no electricity for over 8 hours a day.

How has living in the US shaped you?

My parents immigrated here to give my brother and me better education and a better life. I will be the first in my family to graduate high school and go to college, which is a big deal for my family.

WHY TIOT?

TIOT (pronounced tie-ot) originates from the language of the native Neponsets, a branch of the Algonquin tribe. Translated to "enclosure of waters", the term refers to the fact that Norwood is surrounded by water on three sides.

The first few settlers of the Norwood area situated themselves for the most part of the fertile land beside the Neponset River and along the Traphole and Hawes Brooks. The settlers gradually transformed the wilderness into a small, self-contained village that came to be known as TIOT.

Around the 17th century, TIOT became a nickname for the area that is now known as South Norwood. In 1639, TIOT was a part of Dedham, along with 14 other communities in Southeastern Massachusetts. The town of Norwood was officially formed in 1872.

Today, TIOT remains a visible symbol of town pride, and it has been the name of the high school yearbook since 1939.

THANK YOU FOR SUPORTING THE 2020 NORWOOD YEARBOOK!

Colophon

Production and Printing Details

The 82nd edition of the TIOT was printed by Lifetouch Yearbooks. The theme of the yearbook - "Find your way" - is inspired by the excitement the future holds for the students, staff, and community members of Norwood High School; the class of 2020 looks forward to a bright and limitless future.

Senior portraits were taken by many local photographers, including but not limited to: Dan Busler Photography, Kate Kelley Photography, Donna Doliner, Judith Sargent Photography, Izabella Inzodda, Prestige Portraits, and many other talented photographers. Underclass portraits were taken by Lifetouch Photography.

The cover is printed with Lithographic ink; the cover is protected with a matte lamination, with a clear silkscreen on the cover graphics. The cover design was created by Lifetouch artists in consultation with yearbook staff. Endsheet art was created by Kevin Sisk.

Our Lifetouch sales representative was Peter Greer. Yearbook creative and content advisors were Ms. Kendra Leavitt and Ms. Molly Uppenkamp. Yearbook financial advisor was Ms. Jennifer Rodger. Additional photography support was provided by Lifetouch staff and Dan Busler Photography. Additional yearbook consultation and support was provided by Dr. Hugh Galligan and Ms. Cindy Derrane.

The book is 208 full color pages in 8.5x11 format. All pages were created by TIOT staff and interns and submitted over 5 deadlines. Core colors were shades of blue, yellow, and grey. Font families used include Alternate Gothic 2 and Folio Light. The cost of the book ranged from $75 to $90, with lower prices available to early purchasers.
